

Vassar Rail Trail

This is a paved "Rail Trail" for walking, running, biking, and skating. It begins at the end of S Cass Ave at the Townsend North Pavilion and park. Plenty of parking, swings and slides for kids, and restrooms. The gentle uphill path takes you through the woods and near the Cass River. At the end you can turn around and go back or walk awhile through the quiet sub divisions. The beautiful rail trail was created to be enjoyed by all.

Start Instructions: M-15 into Vassar. Turn onto S Cass Ave and park behind Betty Lou's.
