

YARD WASTE

Please note the following policies and procedures regarding proper disposal of yard waste:

YOU CAN NOT DO THIS:

Please do not put yard waste in the street. Yard waste that spills over into streets can be blown, or washed away by rain, into storm drains. These drains become clogged and flooding can occur.

YOU CAN DO THIS:

Republic Services will collect yard waste on Thursdays. Place leaves and yard clippings in paper bags or barrels/cans that are clearly marked "Yard Waste". They will also pick up sticks provided they are bundled and are no more than two feet in length and no more than 50 pounds. *Republic Services* will continue to pick up yard waste through November. For more information, please visit www.CityofVassar.org/281/Yard-Waste-Pick-Up

The City issues Brush Permits to citizens to access the City brush pile. Permits can be obtained at City Hall (287 E. Huron Ave., Vassar). Brush, leaves, and lawn clippings can be dumped at the brush pile. The City *does* provide leaf pick up, however, this service is provided in the Autumn months ONLY. For more information, please call Vassar City Hall at (989) 823-8517.
